

Ultimate Frisbee Class – Cubtoberfest 2018

Even if you've never played before, you can get a game going in no time!

What is Ultimate Frisbee?

It's a super fun, fast-paced football-type game that uses a disc instead of a football.

To really enjoy the game and be able to play it well, there are a couple of skills you need to learn. It may sound obvious, but before you can really enjoy the fast-paced action, you've got to know how to throw a frisbee and how to catch one. If you've never done it before, it can be a bit frustrating at first but once you get the hang of it, you'll be able to catch and throw on the move.

Maximum number of scouts per Class: 14 youth

Age Requirement: Must be at least 6 years old to attend/play
