### **What is the SPST Course?**

This in-person course offering is for adult Boy Scout volunteers interested in enhancing their leader position or smoothing their transition from Webelos to Scouts so they can more effectively deliver the promise of Scouting to their unit. This class will explore roles & responsibilities, troop organization, safety issues related to effective troop leadership. We will role model that Scouting is a game with a purpose that makes learning fun.

Registration will start at 6:45pm, with the class starting by 7:00pm. The class should finish up before 10:00 PM as we have a lot of material to cover. Course fee includes printed materials and snacks. Bring writing instrument & note pad. A positive attitude is expected & a field uniform (Class A) is required.

All Scoutmasters and Assistant Scoutmasters must be trained in their position to be renewed on their troop's charter. This is the classroom part of the SM/ASM training program. This class is also open to, Junior Assistant Scoutmaster (at least 17 years old), Webelos Leaders, Troop Committee Members as well as any Scout Parent or Volunteer.

This course is also now available online through the MyScouting Learning Management System.

**Please contact the Course Director with any questions or concerns.**
