

Journey to Excellence

JOURNEY TO EXCELLENCE ... SHOOT FOR THE GOLD!

- The 2021 Journey to Excellence (JTE) Scorecard and Instructions for your unit should be included with your recharter package. Please make sure to use the correct form for your unit, i.e. Cub Pack, Scouts BSA Troop, Venturing Crew, or Explorer Post. Also, make sure you are using the form dated 2021. Please note that JTE was discontinued for Districts and Councils, but it is still being utilized as a great tool for unit reflection and planning in 2021.
- Your completed form is due to your District Commissioner, or to the designated contact person in your district, no later than December 10, 2021. It is strongly recommended that you turn in your JTE form at the same time you submit the rest of your recharter papers as this will allow for a consolidated review of all of the documents.
- As you fill out your JTE Scorecard, please read the criteria for each item carefully and refer to the additional instructions and clarifications that are provided on the back of the Scorecard. We strongly encourage you to use this tool as a reflection on your units' strengths and weaknesses. Hopefully, by working through this process and with the commissioner staff, you will be able to deliver the best possible program to your Scouts!
- Should you have any questions, or do not know where to find any of the needed information, please check with your unit commissioner, or other contact person that may be designated by your district commissioner.

JTE Forms are Due by 12/10/2021
